Internship Offer at ML Components in Malta

ML Components is a company that specializes in the sale and distribution of electronic parts.

“It is the best contact for products that other suppliers might not be able to provide, no matter how big the challenge. The team prides itself on its specialist sourcing ability of ‘hard to find’ and obsolete electronics components by having direct contact with an extensive global network of vendors. Our product supply ranges throughout the industrial, medical, automotive, aerospace and robotics industries.” - ML Components

There are currently a number of open positions for internships available in

- Sales and Business Development
- Purchasing
- Marketing
- IT
- and HR.

We are looking for undergraduate and graduate students from Business or Marketing courses.

If you are unsure as to which position to apply for then you may submit a CV application so that one of our dedicated HR staff will consult with you about which position best suits your qualifications.
