

**University of Augsburg, Faculty of Business and Economics  
Research Assistant and PhD Candidate**

The **Chair of Accounting and Control** at the **Faculty of Business and Economics** of the University of Augsburg, Prof. Dr. Wolfgang Schultze, is currently seeking applications for several job vacancies as

**Research Assistant and PhD candidate  
(compensation according to public service tariff part 13 TV-L).**

Employment under a contract amounting to **75 percent of regular working time** will begin at the earliest date possible. The contract is **initially limited to one year**, with prospective ongoing temporary employment for advanced scientific qualification.

The Chair of Accounting and Control represents the entire field of managerial and financial accounting in teaching and research at the University of Augsburg. In particular, this includes national and international accounting, analysis, auditing, controlling and valuation. We are seeking dedicated employees in this area!

During your doctorate, you complement our team and benefit from close links between innovative research and future-oriented projects in the industry and an attractive range of courses offered. The doctorate is embedded in the research and teaching activities of the chair. The doctoral research addresses current exciting issues up with the latest topics of international research.

What we offer:

Exciting work environment at the intersection of business research and industry application; advanced methodological and professional training; high degree of autonomy; qualified training in research and teaching; position in a young, dynamic, enthusiastic and highly motivated environment.

What we expect:

Excellent grades in your diploma, or master studies in business, economics, or related fields; distinctive analytical abilities; pronounced ability and willingness to work in a team, high personal motivation, proactive mindset, independent and responsible work ethics and flexibility; goal- and solution oriented approach to work; keen interest in interdisciplinary projects and dutiful acceptance of responsibility; strong English and German spoken and written communication skills.

Your application should reflect these qualifications through appropriate certificates and references.

The objective of the University of Augsburg is to increase the share of female employees. Female suitors are thus explicitly invited to submit an application. Severely handicapped applicants will be employed preferentially given otherwise equivalent qualification, suitability and achievements.

To apply, please send an Email including your complete electronic application reflecting the required qualifications (cover letter, CV, academic transcripts, and other certificates) to [wpc@wiwi.uni-augsburg.de](mailto:wpc@wiwi.uni-augsburg.de).
